

### ALGORITMI E STRATEGIE

- Prova a risolvere le seguenti operazioni utilizzando il metodo a griglia e il Box Method.

#### Moltiplicazioni con il metodo a griglia

$56 \times 82 = \dots\dots\dots$

$42 \times 64 = \dots\dots\dots$

$35 \times 25 = \dots\dots\dots$

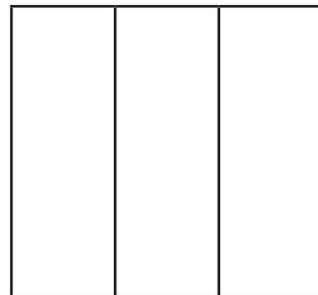

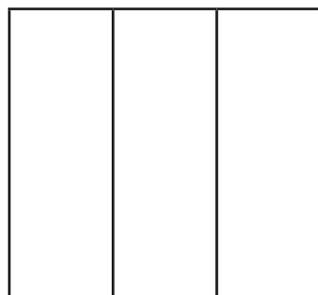

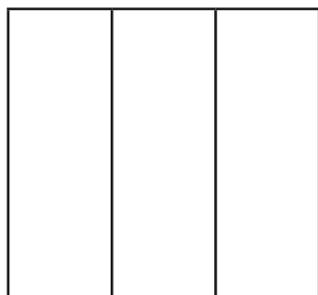

$88 \times 29 = \dots\dots\dots$

#### Divisioni con il Box Method

$852 : 3 = \dots\dots\dots$

$623 : 7 = \dots\dots\dots$

$580 : 5 = \dots\dots\dots$

SAPER UTILIZZARE ALGORITMI DIFFERENTI PER LA MOLTIPLICAZIONE E LA DIVISIONE.
